CLAY CITY, KY., THURSDAY, FEBRUARY 22, 1906.

NO 8.

Death of A. T. Smethers.

Augustus T. Smethers died at his home Monday with pneumonia. His illness was of very brief duration, he having worked in this city until Thursday noon the week before he died. Burial Wednesday at Powell's Valley, funeral services conducted by Elder Albert Eeater.

Deceased was forty-six years old and leaves a wife and six children. He was a sober, honest and industrious citizen.

The Junior Order American Mechanics will have a speaking at the public school building this afternoon at about 2 o'clock and the school will be presented with a flag. A. J. Fain, of Lexington, Ky., and R. D. Harding, of Dayton, Ky., will be the speakers.

Brodhead-Garrett Company are running their big mill across the river quite steadily, and that they have recently purchased \$23,500 worth of more timber in the mountains they may be expected to continue such operation for some time to come.

House Burned.

The house occupied by J. F. Webb was totally destroyed by fire in this city about 9 o'clock Friday morning. The flames took from a defective flue. Many of the contents were gotten out, but the loss is still considerable. The building belonged to a Mrs. Jones, of Newport, Ky. and we are not informed as to whether it was insured or not. The contents were insured in Whitt's agency of this city for \$300 and he informs us that this is his first loss since he has been writing fire insurance from his office in Clay City.

Mr. Webb has moved into the adjoining house which has since the fire been made vacant by Mrs. J. H. Terry, the former occupant, moving to Lexington. Mr. Webb has the sympathy of many friends in his loss.

Sale of Valuable Property.

The Estill Springs property, a leading summer resort of Kentucky, was sold at Commissioner's sale last court day at Irvine, and was bid in by W. R. Thomas at \$18,000.00. Mr. Thomas has

had charge of the property for several years and under his management has made it a success.

Fine Weather.

The lovely winter weather continues, though we had some rain yesterday which has put the river past fording for the first time in several weeks. The low stage of the river this winter is something very unusual, as it generally at this season of the year is up fully half the time or more.

Herman Hoskin was the guest of his uncle, J. B. Hoskin near Mt. Sterling this week.

Geo. M. Goosey has returned home from Howard, Miss., where he has been for several months looking after some timber interests for Day Bros. Shelton Johnson has also returned from Mississippi.

SPOUT SPRING.

Elder George W. McIntosh went to Irvine Friday on a business mission.

John Spry, formerly of this place, has moved from Watseka, Illinois to some point in Texas.

Isaac Barnett has returned to Normal, Illinois after a three weeks stay with his parents, Mr. and Mrs. A. J. Barnett near here.

D. McKinney, J. W. McKinney, J. H. Dawson and several others from Clark county, attended Allen Orsborne's sale near this place on last Thursday.

Douglas Crow will have a sale at his residence near this place Wednesday, February 28th, and dispose of all of his personal property. He is thinking of moving to Indiana to reside in future.

Elder George W. McIntosh bought of McKinney and Ware last week six nice long yearling steers at seventeen dollars per head. Mr. McIntosh desires to buy some more cattle of like description.

Miss Lillie Kerr, daughter of John D. Kerr, of this place, and G. C. Palmer, of Clark county, were married at the Clerk's office in Winchester on Tuesday, February 6th. Congratulations extended.

Marion McKinney, of Lexington, was here Wednesday. He will move to this place in the next few days and start a blacksmith shop. This is a good stand for such business, and we predict for him success in the venture.

Allen Orsborne has abandoned his intention of moving to Missouri, but instead will buy or rent a farm in Clark county some where below Winchester. John W. Dawson who purchased Mr. Orsborne's farms, will rent them out for a year or two and then move to them to reside. His timber interests in Lee county will require the greater part of his time for possibly a couple of years yet.

The sale at Allen Orsborne's near here last Thursday was very well attended, and the bidding was generally liberal, most articles bringing about their real worth. The two farms were sold to John W. Dawson, formerly a merchant of this place, but now of Heidelberg, Lee county, for \$2,900. A pair of mules were sold to J. W. McKinney, of Clark county for \$200.00. Corn in the crib brought \$2.15 per barrel. The horses were taken down and not sold because the bids were too low.

NOTICE.

I will be at my studio every day that it is possible to make pictures prepared to turn out a nice line of photographs. My terms are strictly CASH when the negative is made, and in the future there will be no deviation from this rule. J. W. HENRY.

Ignorance loves to wear borrowed plumes and sit in the same pew with wisdom.

Strayed Cow.

Small red muly young cow, left my residence in Clay City about Feb. 5th. In ordinary condition and giving about 1 1/2 gallons of milk per day when she left. \$5.00 reward for her return to me or for information leading to her recovery. CAS. BRUSH.

A Family Mix Up.

This always seemed to me a very funny story:

I married a widow who had a grownup daughter. My father visited us often, fell in love with my stepdaughter and married her. Thus he became my son-in-law, and my stepdaughter became my mother, because she was my father's wife. Soon after this my wife gave birth to a son, which of course was my father's son-in-law and my uncle, for he was the brother of my stepmother. My father's wife also became the mother of a son. He was of course my brother and also my grandchild, for he was the son of my wife's daughter. Accordingly my wife was my grandmother, because she was my mother's mother. I was my wife's husband and grandchild at once, and, as the husband of a person's grandmother is his grandfather, I became my own grandfather.—Exchange.

At Rochester, Ind. a man digging a well twelve feet below the surface came upon a stratum of ice nine feet thick. In the ice he found a frog which upon being thawed out by the fire, hopped away. In our opinion, Gov. Hanley cannot too quickly get an inspector for that kind of Indiana whiskey.

A Richmond paper prints a picture of a woman who has cooked for one Virginia family for 31 years. This is 30 years and 11 months longer than they usually stay. Frame that picture.

Five years' imprisonment for stealing nine cents, was the sentence imposed recently upon two men at Binghamton, N. Y.; find

the proportionate sentence for stealing a million?

Dr. Wiley says that bottled whiskey is the only safe kind. Correct. No whiskey ever works harm until the cork has been pulled.

One cinch bet: The ditch through the Treasury will be completed before the ditch through the Panama canal.

Allegheny has been forcibly annexed to Pittsburg, and is now in a position to appreciate the feelings of Arizona.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

BEAUTIFY YOUR HOME WITH KINLOCH PAINT
READY TO MIX NOT READY MIXED
Important Memorandum—The painter is the most important person in painting. A job completed by a good painter with the best quality of paint, costing say \$50.00 (good oil, \$20.00) will last ten years. The same paint applied by a dealer (cheap oil, \$10.00) will last only two years. Thus the "per-year cost" of the good painter's job is \$5.00—the poor painter's \$25.00.
A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only
Kinloch HOUSE PAINT
There's one indisputable reason why, a reason every honest painter will acknowledge—"The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

If You ARE A Democrat

Or if You are not You will want to read

Bryan's Commoner.

ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.

These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.

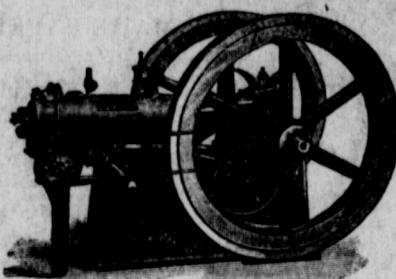

If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed four million Democratic voters.

The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the Clay City Times and The Commoner one year both for \$1 10.
